Index to Volume 93

Subject index

Adrenalectomy
Safety and efficacy of endoscopic retroperitoneal adrenalectomy, 715

Anal canal
Molecular biology of squamous cell carcinoma of the anus, 531

Angiogenesis
Angiogenesis inhibition with bevacizumab and the surgical management of colorectal cancer, 1456
Dynamic contrast-enhanced magnetic resonance imaging is a poor measure of rectal cancer angiogenesis, 992
Increased angiogenic response but deficient arteriolization and abnormal microvessel ultrastructure in critical leg ischaemia, 1368
Therapeutic angiogenesis, 261

Aneurysm
Glasgow Aneurysm Score predicts survival after endovascular stenting of abdominal aortic aneurysm in patients from the EUROSTAR registry, 191
Increased natural killer cell activity in patients with an abdominal aortic aneurysm, 46
Management of septic groin complications and infected femoral false aneurysm in intravenous drug abusers, 781

Anus
Intra-anal collagen injection for the treatment of faecal incontinence, 1514
Meta-analysis of colonic reservoirs *versus* straight coloanal anastomosis after anterior resection, 19
Randomized clinical trial of local gentamicin–collagen treatment in advancement flap repair for anal fistula, 1202
Randomized clinical trial of the effects on anal function of Milligan–Morgan *versus* Ferguson haemorrhoidectomy, 1208

Aorta
Glasgow Aneurysm Score predicts survival after endovascular stenting of abdominal aortic aneurysm in patients from the EUROSTAR registry, 191
Increased natural killer cell activity in patients with an abdominal aortic aneurysm, 46
Traumatic aortic rupture, 1033

Apoptosis
Blockade of interleukin 6 accelerates acinar cell apoptosis and attenuates experimental acute pancreatitis *in vivo*, 332
Involvement of protein kinase B and mitogen-activated protein kinases in experimental normothermic liver ischaemia–reperfusion injury, 752

Appendix
Analysis of stapling *versus* endoloops in appendiceal stump closure, 1390
Comparison of perforation risk among physicians, other medical professionals and general adults with acute appendicitis in Taiwan, 1297
Cytoreductive surgery amd perioperative intraperitoneal chemotherapy for pseudomyxoma peritonei from appendiceal mucinous neoplasms, 1270
Management of an unexpected appendiceal neoplasm, 783

Artery
Cerebral protection during open retrograde angioplasty/stenting of common carotid and innominate artery stenoses, 187
Clinical significance of splanchnic artery stenosis, 1377
Fibrinolytic risk factor clustering and insulin resistance in healthy male relatives of men with intermittent claudication, 315
Survival benefit of high ligation of the inferior mesenteric artery in sigmoid colon or rectal cancer surgery, 609

Axilla
Fluorodeoxyglucose positron emission tomography with sentinel lymph node biopsy for evaluation of axillary involvement in breast cancer, 707
Randomized clinical trial comparing axillary padding with closed suction drainage for the axillary wound after lymphadenectomy for breast cancer, 820
Topical local anaesthetic (tetracaine) reduces pain from botulinum toxin injections for axillary hyperhidrosis, 713

Bile duct
Bile duct injury in the era of laparoscopic cholecystectomy, 158
Early specialist repair of biliary injury, 216
Meta-analysis of endoscopy and surgery *versus* surgery alone for common bile duct stones with the gallbladder *in situ*, 1185

Biopsy
Caution with sentinel node biopsy in cutaneous melanoma, 129
Meta-analysis of sentinel lymph node biopsy after preoperative chemotherapy in patients with breast cancer, 539

Blood
Blood interleukin 12 as a preoperative predictor of fatal postoperative sepsis after neoadjuvant radiochemotherapy, 1283
The impact of blood loss, obstruction and perforation on survival in patients undergoing curative resection for colon cancer, 483
Influence of perioperative blood sugar levels on outcome after infrainguinal bypass surgery in patients with diabetes, 1360

Breast
Current UK practice of thromboprophylaxis for breast surgery, 1224
Randomized clinical trial of single-dose antibiotic prophylaxis for non-reconstructive breast surgery, 1342
Skin-sparing mastectomy, 276

Breast – cancer
Adjuvant therapy for breast cancer, 1443

Copyright © 2006 British Journal of Surgery Society Ltd

Contralateral recurrence and prognostic factors in familial non-*BRAC1/2*-associated breast cancer, 961
Fluorodeoxyglucose positron emission tomography with sentinel lymph node biopsy for evaluation of axillary involvement in breast cancer, 707
Intraoperative touch imprint cytology for the diagnosis of sentinel lymph node metastases in breast cancer, 572
Meta-analysis of sentinel lymph node biopsy after preoperative chemotherapy in patients with breast cancer, 539
Prognostic significance of glycoprotein pMQ1 in breast cancer, 309
Radiological staging of gastrointestinal and breast tumours, 513
Randomized clinical trial comparing axillary padding with closed suction drainage for the axillary wound after lymphadenectomy for breast cancer, 820
A risk index for early node-negative breast cancer, 564
Systematic review and meta-analysis of the use of fibrin sealant to prevent seroma formation after breast cancer surgery, 810

Breast – reconstruction/plastics
Randomized clinical trial examining psychosocial and quality of life benefits of bilateral breast reduction surgery, 291
Randomized clinical trial of the effect of quilting latissimus dorsi flap donor site on seroma formation, 825
Skin-sparing mastectomy, 276

Calculi
Meta-analysis of endoscopy and surgery *versus* surgery alone for common bile duct stones with the gallbladder *in situ*, 1185

Carcinoma
Clinical significance of immunohistochemically detectable lymph node metastasis in adenocarcinoma of the ampulla of Vater, 221
Efficacy and safety of radiofrequency ablation for perivascular hepatocellular carcinoma without hepatic inflow occlusion, 440
Expression of cyclo-oxygenase 1 and 2, prostaglandin E synthase and transforming growth factor β1, and their relationship with vascular endothelial growth factors A and C, in primary adenocarcinoma of the small intestine, 1424
Extranodal metastasis is an indicator of poor prognosis in patients with gastric carcinoma, 369
Free peritoneal tumour cells are an independent prognostic factor in curatively resected stage IB gastric carcinoma, 325
Impact of preoperative radiochemotherapy on postoperative course and survival in patients with locally advanced squamous cell oesophageal carcinoma, 1077
Improved operative and survival outcomes of surgical treatment for hilar cholangiocarcinoma, 1488
Long-term outcome of resection of large hepatocellular carcinoma, 600
Molecular biology of squamous cell carcinoma of the anus, 531
Perioperative real-time monitoring of indocyanine green clearance by pulse spectrophotometry predicts functional reserve in resection of hepatocellular carcinoma, 339
Quality of life after pancreaticoduodenectomy for ductal adenocarcinoma of the pancreatic head, 1099
Selection of patients with hepatocellular carcinoma for liver transplantation, 11
Sequential arterial and portal vein embolizations before right hepatectomy in patients with cirrhosis and hepatocellular carcinoma, 1091
Surgery for hepatocellular carcinoma in patients with chronic liver disease, 1179

Cirrhosis
Sequential arterial and portal vein embolizations before right hepatectomy in patients with cirrhosis and hepatocellular carcinoma, 1091

Colon
Comparative study of left colonic Peritonitis Severity Score and Mannheim Peritonitis Index, 616

Colon – malignant
The impact of blood loss, obstruction and perforation of survival in patients undergoing curative resection for colon cancer, 483
Incidence and patterns of recurrence after resection for cure of colonic cancer in a well defined population, 1115
Population-based study of prognostic factors in stage II colonic cancer, 866
Survival benefit of high ligation of the inferior mesenteric artery in sigmoid colon or rectal cancer surgery, 609

Colon – miscellaneous
Systematic review of postoperative complications in patients with inflammatory bowel disease treated with immunomodulators, 793

Colon – surgery
Effect of vaginal delivery on long-term pouch function, 1394
Meta-analysis of colonic reservoirs *versus* straight coloanal anastomosis after anterior resection, 19
Prospective multicentre evaluation of adverse outcomes following treatment for complicated diverticular disease, 1503
Selective cyclo-oxygenase 2 inhibition affects ileal but not colonic anastomotic healing in the early postoperative period, 489
Systematic review of enhanced recovery programmes in colonic surgery, 800

Colorectal
Causes and outcomes of pouch excision after restorative proctocolectomy, 82
Colorectal stenting, 907
Dietary fibre, 3
Evaluation of outcome of laparoscopic colorectal resection with POSSUM, Portsmouth POSSUM and colorectal POSSUM, 94
Long-term results of abdominal salvage surgery following restorative proctocolectomy, 231
Randomized clinical trial assessing the effect of Doppler-optimized fluid management on outcome after elective colorectal resection, 1069
Randomized clinical trial of bowel preparation with a single phosphate enema or polyethylene glycol before elective colorectal surgery, 427
Randomized clinical trial of the effect of postoperative intravenous fluid restriction on recovery after elective colorectal surgery, 1469

Randomized clinical trial to evaluate the effects of perioperative supplemental oxygen administration on the colorectal anastomosis, 698

Colorectal cancer
Angiogenesis inhibition with bevacizumab and the surgical management of colorectal cancer, 1456
Microsatellite instability in colorectal cancer, 395
Neoadjuvant chemotherapy and resection of advanced synchronous liver metastases before treatment of the colorectal primary, 872
Randomized clinical trial comparing laparoscopic and open surgery for colorectal cancer within an enhanced recovery programme, 300
Social deprivation and outcomes in colorectal cancer, 1123
Systematic review of laparocopic *versus* open surgery for colorectal cancer, 921

Complication
Bile duct injury in the era of laparoscopic cholecystectomy, 158
Causes and outcomes of pouch excision after restorative proctocolectomy, 82
Dysbiosis and pouchitis, 1325
Early specialist repair of biliary injury, 216
Inadvertent tracheal perforation during thyroidectomy, 55
Surgeon experience and trends in intraoperative complications in laparoscopic cholecystectomy, 844
Systematic review of postoperative complications in patients with inflammatory bowel disease treated with immunomodulators, 793
Trends in paediatric circumcision and its complications in England between 1997 and 2003, 885

Continence
Cerebral representation of the anorectum using functional magnetic resonance imaging, 1251

Crohn's disease
Avoidance of laparotomy for recurrent disease is a long- term benefit of laparoscopic resection for Crohn's disease, 607
The changing face of treatment for Crohn's disease, 385
Expression and regulation of connective tissue growth factor by transforming growth factor β and tumour necrosis factor α in fibroblasts isolated from strictures in patients with Crohn's disease, 1290
Long-term follow-up of strictureplasty for Crohn's disease, 475
Systematic review of postoperative complications in patients with inflammatory bowel disease treated with immunomodulators, 793

Cytology
Intraoperative touch imprint cytology for the diagnosis of sentinel lymph node metastases in breast cancer, 572

Diagnosis
Intraoperative touch imprint cytology for the diagnosis of sentinel lymph node metastases in breast cancer, 572
Population-based study of the diagnosis and treatment of gastrointestinal stromal tumours, 836

Diverticulum
Prospective multicentre evaluation of adverse outcomes following treatment for complicated diverticular disease, 1503

Doppler
Randomized clinical trial assessing the effect of Doppler-optimized fluid management on outcome after elective colorectal resection, 1069

Duodenum
Importance of duodenogastric reflux in gastro-oesophageal reflux disease, 1475
Meta-analysis of pancreaticojejunostomy *versus* pancreaticogastrostomy reconstruction after pancreaticoduodenectomy, 929

Emergency surgery
Traumatic aortic rupture, 1033

Endocrine
The management of insulinoma, 264
Progressive rise in gut hormone levels after roux-en-Y gastric bypass suggests gut adaptation and explains altered satiety, 210

Endoscopy
Combined preoperative endoscopic and laparoscopic ultrasonography for prediction of R0 resection in upper gastrointestinal tract cancer, 720
Meta-analysis of endoscopy and surgery *versus* surgery alone for common bile duct stones with the gallbladder *in situ*, 1185
Safety and efficacy of endoscopic retroperitoneal adrenalectomy, 715

Experimental
Alkaline phosphatase reduces hepatic and pulmonary injury in liver ischaemia–reperfusion combined with partial resection, 448
Blockade of interleukin 6 accelerates acinar cell apoptosis and attenuates experimental acute pancreatitis *in vivo*, 332
Effects of arterial pressure in an experimental isolated haemoperfused porcine kidney preservation system, 879
Involvement of protein kinase B and mitogen-activated protein kinases in experimental normothermic liver ischaemia–reperfusion injury, 752
Leucocyte depletion improves renal function during reperfusion using an experimental isolated haemoperfused organ preservation system, 623
Manipulation of the small intestine as a cause of the increased inflammatory response after open compared with laparoscopic surgery, 195
Remote ischaemic preconditioning of the hind limb reduces experimental liver warm ischaemia–reperfusion injury, 762
Selective cyclo-oxygenase 2 inhibition affects ileal but not colonic anastomotic healing in the early postoperative period, 489
Selective portal clamping to minimize hepatic ischaemia–reperfusion damage and avoid accelerated outgrowth of experimental colorectal liver metastases, 1015

Faecal incontinence
Effect of vaginal delivery on long-term pouch function, 1394

Copyright © 2006 British Journal of Surgery Society Ltd
Published by John Wiley & Sons Ltd

Intra-anal collagen injection for the treatment of faecal incontinence, 1514
Outcome and cost analysis of sacral nerve stimulation for faecal incontinence, 1411
Outcome of antegrade continence enema procedures for faecal incontinence in adults, 1265
Third-party prospective evaluation of patient outcomes after dynamic graciloplasty, 1412

Familial adenomatous polyposis
A 10-year review of surgery for desmoid disease associated with familial adenomatous polyposis, 1258
Decreased levels of mucosal detoxification enzymes in the pouch of patients with familial adenomatous polyposis, 1108
Meta-analysis of observational studies of ileorectal *versus* ileal pouch–anal anastomosis for familial adenomatous polyposis, 407

Fistula
Nutrition and management of enterocutaneous fistula, 1045
Randomized clinical trial of local gentamicin–collagen treatment in advancement flap repair for anal fistula, 1202

Gallbladder
Bile duct injury in the era of laparoscopic cholecystectomy, 158
Conversion from laparoscopic to open cholecystectomy, 905
Conversion of elective laparoscopic to open cholecystectomy between 1993 and 2004,
Impact of highly active retroviral therapy on outcome of cholecystectomy in patients with human immunodeficiency virus infection, 1383
Randomized clinical trial of day-care *versus* overnight stay laparoscopic cholecystectomy, 40
Randomized clinical trial of the effect of preoperative dexamethasone on nausea and vomiting after laparoscopic cholecystectomy, 295
Surgeon experience and trends in intraoperative complications in laparoscopic cholecystectomy, 844

Gallstones
Serum adinopectin levels in cholesterol and pigment cholelithisasis, 981

Gastrointestinal stromal tumour
Population-based study of the diagnosis and treatment of gastrointestinal stromal tumours, 836

General
Impact of oedema on recovery after major abdominal surgery and potential value of multifrequency bioimpedance measurements, 354
Lipoprotein(a), lipids and proinflammatory cytokines in patients undergoing major abdominal surgery, 347
A meta-analysis comparing suprapubic and transurethral catheterization for bladder drainage after abdominal surgery, 1038
Meta-analysis of preoperative antiseptic bathing in the prevention of surgical site infection, 1335
Negative stress-coping strategies among novices in surgery correlate with poor virtual laparoscopic performance, 1554
Routine surgical pathology in general surgery, 362
Surgery in developing nations, 516
Technical skills examination for general surgical trainees, 1139

Genetics
Fibrinolytic risk factor clustering and insulin resistance in healthy male relatives of men with intermittent claudication, 315
Peutz-Jeghers syndrome and screening for pancreatic cancer, 1446
The role of cardiopulmonary fitness and its genetic influences on surgical outcomes, 147

Groin pain
Randomized clinical trial of Lichtenstein patch or Prolene Hernia System® for inguinal hernia repair, 33
Short-term results of a randomized clinical trial comparing Lichtenstein open repair with totally extraperitoneal laparoscopic inguinal hernia repair, 1060
Three-year results of a randomized clinical trial of lightweight or standard polypropylene mesh in Lichtenstein repair of primary inguinal hernia, 1056

Haemorrhoids
Experience of 3711 stapled haemorrhoidectomy operations, 226
Meta-analysis of flavonoids for the treatment of haemorrhoids, 909
Randomized clinical trial of the effects on anal function of Milligan–Morgan *versus* Ferguson haemorrhoidectomy, 1208
Randomized clinical trial of 0·2 per cent glyceryl trinitrate ointment for wound healing and pain reduction after open diathermy haemorrhoidectomy, 1464

Healthcare economics
Cost-effectiveness analysis of surgery *versus* conservative treatment for uncomplicated varicose veins in a randomized clinical trial, 182
Outcome and cost analysis of sacral nerve stimulation for faecal incontinence, 1411
Randomized clinical trial and follow-up study of cost-effectiveness of laparoscopic *versus* conventional Nissen fundoplication, 690

Heart
The role of cardiopulmonary fitness and its genetic influences on surgical outcomes, 147

Hepatocellular carcinoma
Efficacy and safety of radiofrequency ablation for perivascular hepatocellular carcinoma without hepatic inflow occlusion, 440
Long-term outcome of resection of large hepatocellular carcinoma, 600
Perioperative real-time monitoring of indocyanine green clearance by pulse spectrophotometry predicts functional reserve in resection of hepatocellular carcinoma, 339
Selection of patients with hepatocellular carcinoma for liver transplantation, 11
Sequential arterial and portal vein embolizations before right hepatectomy in patients with cirrhosis and hepatocellular carcinoma, 1091
Surgery for hepatocellular carcinoma in patients with chronic liver disease, 1179

Hernia
Randomized clinical trial of postoperative hernia prophylaxis in open bariatric surgery, 1347
Systematic review and meta-analysis of the effectiveness of antibiotic prophylaxis in prevention of wound infection after mesh repair of abdominal wall hernia, 5

Hernia – inguinal
Randomized clinical trial of Lichtenstein patch or Prolene Hernia System® for inguinal hernia repair, 33
Short-term results of a randomized clinical trial comparing Lichtenstein open repair with totally extraperitoneal laparoscopic inguinal hernia repair, 1060
Three-year results of a randomized clinical trial of lightweight or standard polypropylene mesh in Lichtenstein repair of primary inguinal hernia, 1056

Hernia – laparoscopy
Laparoscopic incisional hernia repair with a self-centring suture, 1549
Short-term results of a randomized clinical trial comparing Lichtenstein open repair with totally extraperitoneal laparoscopic inguinal hernia repair, 1060

Imaging
Cerebral representation of the anorectum using functional magnetic resonance imaging, 1251
Dynamic contrast-enhanced magnetic resonance imaging is a poor measure of rectal cancer angiogenesis, 992
Fluorodeoxyglucose positron emission tomography with sentinel lymph node biopsy for evaluation of axillary involvement in breast cancer, 707
Imaging technology of the future, 1182
Impact of [^{18}F]fluorodeoxyglucose positron emission tomography on surgical management of melanoma patients, 243
Preoperative ultrasound imaging improves management of abdominal trauma, 238
Radiological staging of gastrointestinal and breast tumours, 513

Incontinence
Effect of vaginal delivery on long-term pouch function, 1394
Outcome and cost analysis of sacral nerve stimulation for faecal incontinence, 1411
Outcome of antegrade continence enema procedures for faecal incontinence in adults, 1265
Third-party prospective evaluation of patient outcomes after dynamic graciloplasty, 1412

Infection
Analysis of stapling *versus* endoloops in appendiceal stump closure, 1390
Bacterial translocation studied in 927 patients over 13 years, 87
Blood interleukin 12 as a preoperative predictor of fatal postoperative sepsis after neoadjuvant radiochemotherapy, 1283
Impact of highly active retroviral therapy on outcome of cholecystectomy in patients with human immunodeficiency virus infection, 1383
Management of septic groin complications and infected femoral false aneurysm in intravenous drug abusers, 781
Meta-analysis of preoperative antiseptic bathing in the prevention of surgical site infection, 1335
Meta-analysis of prophylactic antibiotic use in necrotizing pancreatitis, 674
Proximal loop jejunostomy is a useful adjunct in the management of multiple intestinal suture lines in the septic abdomen, 1247
Randomized clinical trial of single-dose antibiotic prophylaxis for non-reconstructive breast surgery, 1342
Randomized clinical trial of the effect of applying ointment to surgical wounds before occlusive dressing, 937
Systematic review and meta-analysis of the effectiveness of antibiotic prophylaxis in prevention of wound infection after mesh repair of abdominal wall hernia, 5

Ischaemia
Alkaline phosphatase reduces hepatic and pulmonary injury in liver ischaemia–reperfusion combined with partial resection, 448
Clinical significance of splanchnic artery stenosis, 1377
Increased angiogenic response but deficient arteriolization and abnormal microvessel ultrastructure in critical leg ischaemia, 1368
Involvement of protein kinase B and mitogen-activated protein kinases in experimental normothermic liver ischaemia–reperfusion injury, 752
Management of severe ischaemia of the leg, 1313
The prevalence of thrombophilia in patients with symptomatic peripheral vascular disease, 577
Randomized clinical trial of hepatectomy using intermittent pedicle occlusion with ischaemic intervals of 15 *versus* 30 minutes, 944
Remote ischaemic preconditioning of the hind limb reduces experimental liver warm ischaemia–reperfusion injury, 762
Selective portal clamping to minimize hepatic ischaemia–reperfusion damage and avoid accelerated outgrowth of experimental colorectal liver metastases, 1015

Laparoscopy
Avoidance of laparotomy for recurrent disease is a long- term benefit of laparoscopic resection for Crohn's disease, 607
Bile duct injury in the era of laparoscopic cholecystectomy, 158
Combined preoperative endoscopic and laparoscopic ultrasonography for prediction of R0 resection in upper gastrointestinal tract cancer, 720
Conversion from laparoscopic to open cholecystectomy, 905
Conversion of elective laparoscopic to open cholecystectomy between 1993 and 2004,
European experience with laparoscopic Roux-en-Y bypass in 466 obese patients, 726
Evaluation of outcome of laparoscopic colorectal resection with POSSUM, Portsmouth POSSUM and colorectal POSSUM, 94
Laparoscopic liver resection, 67
Laparoscopic surgery today, 779
Randomized clinical trial and follow-up study of cost-effectiveness of laparoscopic *versus* conventional Nissen fundoplication, 690
Randomized clinical trial comparing laparoscopic and open surgery for colorectal cancer within an enhanced recovery programme, 300
Randomized clinical trial of day-care *versus* overnight stay laparoscopic cholecystectomy, 40

Copyright © 2006 British Journal of Surgery Society Ltd

Randomized clinical trial of robot-assisted *versus* laparoscopic Nissen fundoplication, 553
Randomized clinical trial of standard laparoscopic *versus* robot-assisted laparoscopic Nissen fundoplication for gastro-oesophageal reflux disease, 1351
Randomized clinical trial of the effect of preoperative dexamethasone on nausea and vomiting after laparoscopic cholecystectomy, 295
Short-term results of a randomized clinical trial comparing Lichtenstein open repair with totally extraperitoneal laparoscopic inguinal hernia repair, 1060
Surgeon experience and trends in intraoperative complications in laparoscopic cholecystectomy, 844
Systematic review of laparocopic *versus* open surgery for colorectal cancer, 921

Liver
Hepatocyte morphology and kinetics after portal vein embolization, 745
Involvement of protein kinase B and mitogen-activated protein kinases in experimental normothermic liver ischaemia–reperfusion injury, 752
Remote ischaemic preconditioning of the hind limb reduces experimental liver warm ischaemia–reperfusion injury, 762

Liver – malignant
A population-based study of the incidence, management and prognosis of hepatic metastases from colorectal cancer, 465
Artificial ascites technique for percutaneous radiofrequency ablation of liver cancer adjacent to the gastrointestinal tract, 1277
Current role of radiofrequency ablation for the treatment of colorectal liver metastases, 1192
Downstaging colorectal liver metastases by concomitant unilateral portal vein ligation and selective intra-arterial chemotherapy, 587
Management of intrahepatic recurrence after curative treatment of colorectal liver metastases, 854
Neoadjuvant chemotherapy and resection for initially irresectable colorectal liver metastases, 1001
Neoadjuvant chemotherapy and resection of advanced synchronous liver metastases before treatment of the colorectal primary, 872
Quality of life after surgical treatment of colorectal liver metastases, 1007
Repeat resection of liver metastases, 387

Liver – surgery
Alkaline phosphatase reduces hepatic and pulmonary injury in liver ischaemia–reperfusion combined with partial resection, 448
Case-oriented approach to the management of hepatocellular adenoma, 1495
Laparoscopic liver resection, 67
Perioperative real-time monitoring of indocyanine green clearance by pulse spectrophotometry predicts functional reserve in resection of hepatocellular carcinoma, 339
Randomized clinical trial of hepatectomy using intermittent pedicle occlusion with ischaemic intervals of 15 *versus* 30 minutes, 944
Randomized clinical trial of liver resection with and without hepatic pedicle clamping, 685
Randomized clinical trial of the effects of abdominal drainage after elective hepatectomy using the crushing clamp method, 422
Repeat hepatic resection for recurrent colorectal liver metastases is associated with favourable long-term survival, 457
Ultrasonographically guided surgical approach to liver tumours involving the hepatic veins close to the caval confluence, 1238

Liver – trauma
Endoscopic sphincterotomy and temporary internal stenting for bile leaks following complex hepatic trauma, 78

Lung
Alkaline phosphatase reduces hepatic and pulmonary injury in liver ischaemia–reperfusion combined with partial resection, 448

Lymph node
Caution with sentinel node biopsy in cutaneous melanoma, 129
Clinical significance of immunohistochemically detectable lymph node metastasis in adenocarcinoma of the ampulla of Vater, 221
Intraoperative touch imprint cytology for the diagnosis of sentinel lymph node metastases in breast cancer, 572
Meta-analysis of sentinel lymph node biopsy after preoperative chemotherapy in patients with breast cancer, 539
Stage migration caused by D2 dissection with para-aortic lymphadenectomy for gastric cancer from the results of a prospective randomized controlled trial, 1526

Management
Case-oriented approach to the management of hepatocellular adenoma, 1495
Development, implementation and prospective evaluation of guidelines for transfer of severely injured children to specialist centres, 1418
Dysbiosis and pouchitis, 1325
Management of an unexpected appendiceal neoplasm, 783
The management of insulinoma, 264
Management of septic groin complications and infected femoral false aneurysm in intravenous drug abusers, 781
Nutrition and management of enterocutaneous fistula, 1045
Optimization of thyroxine replacement therapy after total or near-total thyroidectomy for benign disease, 57
Proximal loop jejunostomy is a useful adjunct in the management of multiple intestinal suture lines in the septic abdomen, 1247
Randomized clinical trial assessing the effect of Doppler-optimized fluid management on outcome after elective colorectal resection, 1069
Randomized clinical trial of the effect of postoperative intravenous fluid restriction on recovery after elective colorectal surgery, 1469

Metastasis
Clinical significance of immunohistochemically detectable lymph node metastasis in adenocarcinoma of the ampulla of Vater, 221
Current role of radiofrequency ablation for the treatment of colorectal liver metastases, 1192
Downstaging colorectal liver metastases by concomitant unilateral portal vein ligation and selective intra-arterial chemotherapy, 587

Comparative study of left colonic Peritonitis Severity Score and Mannheim Peritonitis Index, 616
Contralateral recurrence and prognostic factors in familial non-*BRAC1/2*-associated breast cancer, 961
Glasgow Aneurysm Score predicts survival after endovascular stenting of abdominal aortic aneurysm in patients from the EUROSTAR registry, 191
Population-based study of prognostic factors in stage II colonic cancer, 866
Population-based study of risk factors for postoperative death after anterior resection of the rectum, 498
A population-based study of the incidence, management and prognosis of hepatic metastases from colorectal cancer, 465
Prognosis of small thyroid cancer in patients with Graves' disease, 434
Prognostic significance of glycoprotein pMQ1 in breast cancer, 309
A risk index for early node-negative breast cancer, 564

Quality of life
Improved quality of life after sympathetic block for upper limb hyperhidrosis, 582
Prospective evaluation of quality of life in patients with localized oesophageal cancer treated by multimodality therapy or surgery alone, 1084
Quality of life after pancreaticoduodenectomy for ductal adenocarcinoma of the pancreatic head, 1099
Quality of life after surgical treatment of colorectal liver metastases, 1007
Randomized clinical trial examining psychosocial and quality of life benefits of bilateral breast reduction surgery, 291

Rectum
Colorectal stenting, 907

Rectum – cancer
Adjuvant radiotherapy for rectal cancer, 1035
Defunctioning stomas in the treatment of rectal cancer, 650
Dynamic contrast-enhanced magnetic resonance imaging is a poor measure of rectal cancer angiogenesis, 992
Extended resections for advanced rectal cancer, 1311
Late adverse effects of short-course preoperative radiotherapy in rectal cancer, 1519
Local recurrence after curative resection for rectal cancer is associated with anterior position of the tumour, 105
Long-term results of a randomized trial comparing preoperative short-course radiotherapy with preoperative conventionally fractionated chemoradiation for rectal cancer, 1215
Radiological findings do not support lateral residual tumour as a major cause of local recurrence of rectal cancer, 113
Risk factors for tumour present in a cirumferential line of resection after excision of rectal cancer, 860
Survival benefit of high ligation of the inferior mesenteric artery in sigmoid colon or rectal cancer surgery, 609

Rectum – surgery
Population-based study of risk factors for postoperative death after anterior resection of the rectum, 498

Recurrence
Contralateral recurrence and prognostic factors in familial non-*BRAC1/2*-associated breast cancer, 961
Incidence and patterns of recurrence after resection for cure of colonic cancer in a well defined population, 1115
Local recurrence after curative resection for rectal cancer is associated with anterior position of the tumour, 105
Management of intrahepatic recurrence after curative treatment of colorectal liver metastases, 854
Pathological features as predictors of recurrence after radical resection of gastric cancer, 205
Radiological findings do not support lateral residual tumour as a major cause of local recurrence of rectal cancer, 113
Repeat hepatic resection for recurrent colorectal liver metastases is associated with favourable long-term survival, 457

Renal
Effects of arterial pressure in an experimental isolated haemoperfused porcine kidney preservation system, 879
Leucocyte depletion improves renal function during reperfusion using an experimental isolated haemoperfused organ preservation system, 623

Skin
Caution with sentinel node biopsy in cutaneous melanoma, 129
Impact of [^{18}F]fluorodeoxyglucose positron emission tomography on surgical management of melanoma patients, 243

Small intestine
Expression of cyclo-oxygenase 1 and 2, prostaglandin E synthase and transforming growth factor β1, and their relationship with

Copyright © 2006 British Journal of Surgery Society Ltd
Published by John Wiley & Sons Ltd

vascular endothelial growth factors A and C, in primary adenocarcinoma of the small intestine, 1424
Manipulation of the small intestine as a cause of the increased inflammatory response after open compared with laparoscopic surgery, 195

Sphincter
Third-party prospective evaluation of patient outcomes after dynamic graciloplasty, 1412

Spleen
Randomized clinical trial of splenectomy *versus* splenic preservation in patients with proximal gastric cancer, 559

Stent
Cerebral protection during open retrograde angioplasty/stenting of common carotid and innominate artery stenoses, 187
Colorectal stenting, 907
Endoscopic sphincterotomy and temporary internal stenting for bile leaks following complex hepatic trauma, 78
Glasgow Aneurysm Score predicts survival after endovascular stenting of abdominal aortic aneurysm in patients from the EUROSTAR registry, 191

Stomach
Progressive rise in gut hormone levels after roux-en-Y gastric bypass suggests gut adaptation and explains altered satiety, 210

Stomach – cancer
Clinical outcome of high segmental gastrectomy for early gastric cancer in the upper third of the stomach, 975
Extranodal metastasis is an indicator of poor prognosis in patients with gastric carcinoma, 369
Free peritoneal tumour cells are an independent prognostic factor in curatively resected stage IB gastric carcinoma, 325
Pathological features as predictors of recurrence after radical resection of gastric cancer, 205
Randomized clinical trial of splenectomy *versus* splenic preservation in patients with proximal gastric cancer, 559
Stage migration caused by D2 dissection with para-aortic lymphadenectomy for gastric cancer from the results of a prospective randomized controlled trial, 1526
Surgical strategies for gastric cancer with synchronous peritoneal carcinomatosis, 1530

Stomach – surgery
Bariatric surgery – a successful way to battle the weight crisis, 259

Surgical education
Propensity scores and the surgeon, 389
Systematic reviews and meta-analysis for the surgeon scientist, 1315

Surgical technique
Duct-to-mucosa pancreaticogastrostomy is a safe anastomosis following pancreaticoduodenectomy, 73
Improved operative and survival outcomes of surgical treatment for hilar cholangiocarcinoma, 1488
Laparoscopic incisional hernia repair with a self-centring suture, 1549
Randomized clinical trial comparing multiple stab incision phlebectomy and transilluminated powered phlebectomy for varicose veins, 169
Randomized clinical trial of Lichtenstein patch or Prolene Hernia System® for inguinal hernia repair, 33
Video-assisted subtotal or near-total thyroidectomy for Graves' disease, 61

Surgical training
The examination assessment of technical competence in vascular surgery, 1132
Negative stress-coping strategies among novices in surgery correlate with poor virtual laparoscopic performance, 1554
Technical skills examination for general surgical trainees, 1139

Thrombosis
Current UK practice of thromboprophylaxis for breast surgery, 1224

Thyroid
Inadvertent tracheal perforation during thyroidectomy, 55
Minimally invasive surgery of the thyroid and parathyroid glands, 1
Optimization of thyroxine replacement therapy after total or near-total thyroidectomy for benign disease, 57
Prognosis of small thyroid cancer in patients with Graves' disease, 434
The rapidly growing thyroid mass, 647
Serum levels of the interferon-γ-inducible α chemokine CXCL10 in patients with active Graves' disease, and modulation by methimazole therapy and thyroidectomy, 1226
Video-assisted subtotal or near-total thyroidectomy for Graves' disease, 61

Tissue
Tissue engineering of blood vessels, 282
Tissue engineering of vascular conduits, 652

Transplantation
Retrieval of abdominal organs for transplantation, 133

Transplantation – kidney
Effects of arterial pressure in an experimental isolated haemoperfused porcine kidney preservation system, 879
Leucocyte depletion improves renal function during reperfusion using an experimental isolated haemoperfused organ preservation system, 623

Transplantation – liver
Selection of patients with hepatocellular carcinoma for liver transplantation, 11

Trauma
Development, implementation and prospective evaluation of guidelines for transfer of severely injured children to specialist centres, 1418
Endoscopic sphincterotomy and temporary internal stenting for bile leaks following complex hepatic trauma, 78
Preoperative ultrasound imaging improves management of abdominal trauma, 238
Traumatic aortic rupture, 1033

Published by John Wiley & Sons Ltd

Urology
A meta-analysis comparing suprapubic and transurethral catheterization for bladder drainage after abdominal surgery, 1038

Varicose veins
Cost-effectiveness analysis of surgery *versus* conservative treatment for uncomplicated varicose veins in a randomized clinical trial, 182
Endovenous laser treatment for long saphenous vein incompetence, 831
Randomized clinical trial comparing multiple stab incision phlebectomy and transilluminated powered phlebectomy for varicose veins, 169
Randomized clinical trial comparing surgery with conservative treatment for uncomplicated varicose veins, 175
Ultrasound-guided foam sclerotherapy for the treatment of varicose veins, 969
Varicose veins, 131

Vascular surgery
Cerebral protection during open retrograde angioplasty/stenting of common carotid and innominate artery stenoses, 187
Endovenous laser treatment for long saphenous vein incompetence, 831
The examination assessment of technical competence in vascular surgery, 1132
Influence of perioperative blood sugar levels on outcome after infrainguinal bypass surgery in patients with diabetes, 1360

Vein
Downstaging colorectal liver metastases by concomitant unilateral portal vein ligation and selective intra-arterial chemotherapy, 587
Endovenous laser treatment for long saphenous vein incompetence, 831
Hepatocyte morphology and kinetics after portal vein embolization, 745
Systematic review of outcome of portal–superior mesenteric vein resection during pancreatectomy for cancer, 662
Ultrasonographically guided surgical approach to liver tumours involving the hepatic veins close to the caval confluence, 1238

Venous thrombosis
Current UK practice of thromboprophylaxis for breast surgery, 1224

Wound closure
Systematic review and meta-analysis of the use of fibrin sealant to prevent seroma formation after breast cancer surgery, 810

Wound healing
Randomized clinical trial of 0·2 per cent glyceryl trinitrate ointment for wound healing and pain reduction after open diathermy haemorrhoidectomy, 1464
Randomized clinical trial of the effect of applying ointment to surgical wounds before occlusive dressing, 937
Randomized clinical trial of the influence of local water- filtered infrared A irradiation on wound healing after abdominal surgery, 952

Contents of Volume 93

Number 1

Leading articles

Minimally invasive surgery of the thyroid and parathyroid glands — 1
J.-F. Henry

Dietary fibre — 3
E. W. L. Chuwa and F. Seow-Choen

Meta-analysis

Systematic review and meta-analysis of the effectiveness of antibiotic prophylaxis in prevention of wound infection after mesh repair of abdominal wall hernia — 5
T. J. Aufenacker, M. J. W. Koelemay, D. J. Gouma and M. P. Simons

Review

Selection of patients with hepatocellular carcinoma for liver transplantation — 11
R. Sutcliffe, D. Maguire, B. Portmann, M. Rela and N. Heaton

Meta-analysis

Meta-analysis of colonic reservoirs *versus* straight coloanal anastomosis after anterior resection — 19
A. G. Heriot, P. P. Tekkis, V. Constantinides, P. Paraskevas, R. J. Nicholls, A. Darzi and V. W. Fazio

Randomized clinical trials

Randomized clinical trial of Lichtenstein patch or Prolene Hernia System® for inguinal hernia repair — 33
J. Vironen, J. Nieminen, A. Eklund and P. Paavolainen

Randomized clinical trial of day-care *versus* overnight-stay laparoscopic cholecystectomy — 40
M. Johansson, A. Thune, L. Nelvin and L. Lundell

Original articles

Increased natural killer cell activity in patients with an abdominal aortic aneurysm — 46
N. D. Forester, S. M. Cruickshank, D. J. A. Scott and S. R. Carding

Inadvertent tracheal perforation during thyroidectomy (Short Note) — 55
J. E. Gosnell, P. Campbell, S. Sidhu, M. Sywak, T. S. Reeve and L. W. Delbridge

Optimization of thyroxine replacement therapy after total or near-total thyroidectomy for benign thyroid disease — 57
O. Olubowale and D. R. Chadwick

Video-assisted subtotal or near-total thyroidectomy for Graves' disease — 61
S. Maeda, T. Uga, N. Hayashida, K. Ishigaki, J. Furui and T. Kanematsu

Laparoscopic liver resection — 67
E. Vibert, T. Perniceni, H. Levard, C. Denet, N. K. Shahri and B. Gayet

Duct-to-mucosa pancreaticogastrostomy is a safe anastomosis following pancreaticoduodenectomy — 73
R. F. Payne and J. A. Pain

Endoscopic sphincterotomy and temporary internal stenting for bile leaks following complex hepatic trauma — 78
N. Lubezky, F. M. Konikoff, D. Rosin, E. Carmon, Y. Kluger and M. Ben-Haim

Causes and outcomes of pouch excision after restorative proctocolectomy — 82
M. Prudhomme, N. Dehni, R. R. Dozois, E. Tiret and R. Parc

Bacterial translocation studied in 927 patients over 13 years — 87
J. MacFie, B. S. Reddy, M. Gatt, P. K. Jain, R. Sowdi and C. J. Mitchell

Evaluation of outcome of laparoscopic colorectal resection with POSSUM, Portsmouth POSSUM and colorectal POSSUM — 94
W. L. Law, C. M. Lam and Y. M. Lee

Operability and early outcome in 100 consecutive laparotomies for peritoneal malignancy — 100
B. J. Moran, A. Mukherjee and R. Sexton

Local recurrence after curative resection for rectal cancer is associated with anterior position of the tumour — 105
C. L. H. Chan, E. L. Bokey, P. H. Chapuis, A. A. Renwick and O. F. Dent

Radiological findings do not support lateral residual tumour as a major cause of local recurrence of rectal cancer — 113
E. Syk, M. R. Torkzad, L. Blomqvist, O. Ljungqvist and B. Glimelius
